### **\*\*GUIDELINES FOR PAST LIFE REGRESSION**

The Practitioner will NOT presume that the presenting issue arose from a Past Life Experience.

The Practitioner's own opinion/prejudice/belief system, MUST NOT be allowed to interfere with the process.

The Practitioner will diligently refrain from any suggestions designed to lead the client into a Past Life Experience, except where this has been established during a previous consultation

Where a client specifically requests Past Life Regression, the following requirements must be observed:

- a full case history is taken and documented.
- the use of normal diagnostic tools is implemented to determine any contra-indications to hypnosis and the appropriateness of this process for this client.
- normal contra-indications for hypnosis apply to Past Life Regression procedures.
